Why College of Health Professions?

RELEVANT

With our own in-house Center for Health Care Research, a vast network of health care provider partners, and a faculty of nearly 3,000 seasoned health care professionals throughout the country, The College of Health Professions is uniquely positioned to remain on the pulse of change in the rapidly-evolving health care industry.

And our unsurpassed size and scale—including our extensive library of curricula that can be efficiently re-configured and adapted, our deep bench of faculty who can contribute diverse insights and expertise, and our industry-leading learning technology and curriculum design capabilities--enable us to nimbly build and customize programs in a way few institutions can.

- Curriculum updated in real-time to incorporate emerging trends and changing standards of care.
- Courses, certificates, and concentrations in timely areas such as informatics, gerontology, sustainability management, and more.
- Ability to customize programs to address the specific challenges and objectives of individual health care organizations and other student groups.

ACCESSIBLE

Founded nearly 40 years ago in response to the need for high-quality, *yet flexible and affordable*, educational options for working adults, the University of Phoenix has remained committed to delivering programs that align with the realities of our students' lives.

- Courses taught on-site at a partner organization, on-campus, at an alternate approved site, or online.
- Cohort Programs* through which groups of students from a partner organization enroll together and receive a tuition discount as well as other benefits.
- Dual-Degree Programs* through which students may efficiently earn two master's degrees at once--expanding their expertise while optimizing time and expense.
- A *Nursing Pathway Program* through which bachelor's nursing students may begin taking master's-level courses, giving them a head start on their graduate studies.
- A unique *Nursing Bridge Program* that enables RNs who have a bachelor's degree in an unrelated field to earn a master's in nursing by taking just three bachelor's-level nursing courses in addition to their master's- level coursework.

HIGH-QUALITY

As an accredited institution with a curriculum that remains tightly aligned with the latest third-party industry standards, a faculty of national health care leaders who bring an average of 20 years of real-world experience, and impressive student and alumni satisfaction rates of nearly 90%, The College of Health Professions is a quality leader in health care education.

- Accredited by the Higher Learning Commission (HLC)
- Nursing programs accredited by the Commission on Collegiate Nursing Education (CCNE)
- Faculty with an average of 20 years of real-world experience, including 157 CEOs, 21 COOs, 15 CFOs, 13 VPs, 8 Chief Nursing Officers, and 99 Directors of programs.
- Curricula updated regularly to align with changing industry standards, including those set forth by:
 - American Association of Colleges and Nursing (AACN)
 - American College of Healthcare Executives (ACHE)
 - American Nurses Association (ANA)
 - Association of University Programs in Health Administration (AUPHA)
 - Commission on Accreditation of Healthcare Management Education (CAHME)
 - National Center for Healthcare Leadership Competencies (NCHL)
 - National League for Nursing (NLN)
 - Quality & Safety Education for Nurses (QSEN)
- Curricula prepares students to sit for relevant licensing exams, such as:
 - American Nurses Credentialing Center (ANCC) Family Nurse Practitioner-Board Certified (FNP-BC) credential exam
 - American Association of Nurse Practitioners (AANP) Family Nurse Practitioner-Certified (FNP-C) credential exam
 - National Council Licensure Examination (NCLEX) for Registered Nurse
 - National League of Nursing (NLN) Certified Nursing Educator (CNE) exam
 - American Nurses Credentialing Center's Nurse Executive Board Certification (NE-BC) exam
 - National Healthcareer Association® (NHA) Certified Electronic Health Record Specialist (CEHRS) exam
 - National Healthcareer Association® (NHA) Certified Medical Administrative Assistant (CMAA) exam
 - National Healthcareer Association® (NHA) Certified Billing and Coding Specialist (CBCS) exam
